

UBE Nylon 5034 MTX1

PA666

UBE

| Thermal properties | Value | Unit | Test Standard |
|-------------------------------|-------|------|----------------|
| ISO Data | | | |
| Melting temperature, 10°C/min | 190 | °C | ISO 11357-1/-3 |

Characteristics

Special Characteristics

Transparent

Features

Soft Feel, Copolymer

Applications

Monofilament

Regional Availability

Europe
