

Product Texts

Solution-based polycarbonate urethane.

Mechanical properties**Value****Unit****Test Standard****ASTM Data**

Tensile Strength	44.8	MPa	ASTM D 638
Elongation at Break	900	%	ASTM D 638

Characteristics**Processing**

Coating, Casting

Applications

Medical

Chemical Resistance

Environmental Stress Crack Resistance

Regional Availability

North America

Certifications

Contains renewable resources, Medical Grade, Biocompatibility
ISO 10993, US Pharmacopeia Class VI Approved
