

8553

PVC, Flexible

Westlake Chemical Corp.

Mechanical properties	Value	Unit	Test Standard
ASTM Data			
Tensile Strength	7.24	MPa	ASTM D 638
Shore A Hardness	55	-	ASTM D 2240
Other properties			
Density	1410	kg/m ³	ASTM D 792

Characteristics**Processing**

Profile Extrusion

Applications

General Purpose

Special Characteristics

U.V. stabilized or stable to weather

Regional Availability

North America
