

Product Texts

Main Applications

Heat resistant power cable jacket, film, leather, sheets and hoses.

Other properties	Value	Unit	Test Standard
Density	1400	kg/m ³	ASTM D 792
Bulk Density	520	kg/m ³	-

Characteristics

Processing

Sheet Extrusion, Wire/Cable Extrusion, Calandering

Features

Homopolymer

Special Characteristics

Heat stabilized or stable to heat

Regional Availability

North America, Europe, Asia Pacific, South and Central America
