

Product Texts

Main Applications

Highly rigid heat-resistant power cable jacket, film, leather and sheet.

Other properties	Value	Unit	Test Standard
Density	1400	kg/m ³	ASTM D 792
Bulk Density	500	kg/m ³	-

Characteristics**Processing**

Sheet Extrusion, Wire/Cable Extrusion

Features

Homopolymer

Special Characteristics

Heat stabilized or stable to heat

Regional Availability

North America, Europe, Asia Pacific, South and Central America
