

Product Texts

Main Applications

Super heat-resistant power cable jacket and special gaskets of high elasticity and softness.

| Other properties | Value | Unit | Test Standard |
|------------------|-------------|-------------------|---------------|
| Density | 1400 | kg/m ³ | ASTM D 792 |
| Bulk Density | 470 | kg/m ³ | - |

Characteristics**Processing**

Wire/Cable Extrusion

Features

Soft Feel, Homopolymer

Special Characteristics

Heat stabilized or stable to heat

Regional Availability

North America, Europe, Asia Pacific, South and Central America
